

Triton Bay

Triton Bay lies to the south east of Raja Ampat and is located in the center of the Coral Triangle. Triton Bay is the name given to the coastal region located east of Kaimana, a small harbour town on the southwest coast of West Papua. This region offers magnificent diving that includes beautiful soft coral, giant sea fans, black coral forests, large schools of fish and much more. The topside scenery is breathtaking with cliffs, beautiful greenery and ancient cave paintings.
