# GREAT FLIGHT ACCESS & No More Visa needed for 29 Countries

## AIRLINK:

- Daily flights from Joburg to Vilanculos.
- Only an 80 minute flight, which makes us the easiest island destination to reach from Southern Africa.
- From January 2024, there will be 2 flights flying in to Vilanculos, the MPQ flight will leave at 11:30 and arrive in VNX 15:45

# UPDATED VISA INFORMATION

## VISA Information:

The Mozambican government has recently changed the entry visa regulation to remove the requirement for the entry visa (for holiday travel) for the following 29 Countries:

- Belgium
- Canada
- China
- Denmark
- Finland
- France
- Germany
- Ghana
- Indonesia
- Ireland
- Israel
- Italy
- Ivory Coast

## Join the Global Carbon Neutral Pledge

Azura is committed to preserving the environment where it operates for future generations to enjoy and we have signed up to the Global Carbon Neutral Pledge. We have completed the installation of a 400Kw Solar plant with 3,200m<sup>2</sup> of solar panels, feeding Tesla Battery Banks, to take power generation at the hotel Carbon Neutral. This is the first solar plant of its kind in Mozambique, and with private pools at each of our air-conditioned villas, it's been a 2-year quest to find the right solar power provider. Tesla offered up an innovative tech solution, and we're the first business in Mozambique to make use of Tesla power.

## Carbon Offset Program for Guests

With guests wanting to take fewer but more meaningful trips as the latest trend in travel, we've also been looking at how guests can offset the carbon from their travel to and from Azura. We've launched our new Carbon Offset program for guests through them buying trees that Azura will plant at Chateau Pas de Loup, France. Not only does the Chateau produce the wine our guests enjoy during their stay, but it also has a Carbon Capture Tree planting programme.
